- Transport between the airport and your hotel:
 - We recommend using Uber or Lyft if there are only one or two of you travelling together – the taxis can be expensive. When leaving baggage claim, you need to follow the signs for rideshare to get to the staging area.
 - If you have a larger group travelling together – you can often find limos at the airport that will offer you a decent rate to split up – very convenient and easier to get to than the rideshare area of the airport
- Download the CompuSport app on your cell phone so that you can follow your team and receive notifications on table assignments.
- Bring at least 1 nice outfit – jeans and hats are not allowed in the Finals Arena because of the live streaming.
- Check your pool cues as baggage (make sure you have a bag big enough), or have them shipped to the FedEx office at the Westgate – you cannot carry them on to a plane.
- Make sure everyone on your team knows how to pull up their APA ID card on their APA app so you can register for MiniMania Events.
